F. Prevention and Planning.

F.1 Zero tolerance of sexual abuse and sexual harassment. The Logan County Sheriff's Office and all employees, contractors, volunteers and inmates will adhere to a zero tolerance policy toward all forms of sexual abuse and sexual harassment of inmates. The Logan County Sheriff's Office has established through this policy our approach to preventing, detecting and responding to such conduct.

F.2 PREA Coordinator. The Logan County Sheriff's Office will designate an upper-level, agency-wide PREA coordinator, with sufficient time and authority to develop, implement, and oversee agency efforts to comply with the PREA standards in all of its facilities.

F.3 Contracting with other entities for the confinement of inmates. The Logan County Sheriff's Office will ensure that all contracts for the confinement of its inmates with private agencies or other entities, including

other government agencies, will include in any new contract or contract renewal the entity's obligation to adopt and comply with the PREA standards and that any new contract or contract renewal will provide for agency contract monitoring to ensure that the contractor is complying with the PREA standards. Only in emergency circumstances in which all reasonable attempts to find a private agency or other entity in compliance with the PREA standards have failed, may The Logan County Sheriff's Office enter into a contract with an entity that fails to comply with these standards. In such a case, this agency will document its unsuccessful attempts to find an entity in compliance with the standards.

F.4 Supervision and monitoring. The Jail Administrator or designee will develop and document a staffing plan that provides for adequate levels of staffing, and, where applicable, video monitoring, to protect inmates against sexual abuse. In calculating adequate staffing levels and determining the need for video monitoring, agencies will take into consideration.

- a. The physical layout of each facility;
- b. The composition of the inmate population;

- k. Any applicable local, state, regulations, standards, or laws;
- l. Any findings from PREA review committee meetings;
- m. Any other relevant factors.

F.5 In circumstances where the staffing plan is not complied with. This agency will document and justify all deviations from the plan. Whenever necessary, but no less frequently than once each year, will assess, determine, and document whether adjustments are needed to:

- a. The staffing plan established pursuant to paragraph (a) of this section;
- b. Prevailing staffing patterns;
- c. The facility's deployment of video monitoring systems and other monitoring technologies; and
- d. The resources the facility has available to commit to ensure adequate staffing levels.

F.6 Unannounced reviews. Supervisors on each shift will conduct unannounced reviews to deter staff sexual abuse and mistreatment. Staff and employees will not announce the reviews unless such an announcement is related to legitimate operational functions.

- a. Unannounced reviews will be conducted on a random basis, on random pods, including the kitchen and laundry areas. Unannounced reviews will be documented in the log. Documentation should be noted as follows: date, time, location.
- b. Weekly, the supervisor will conduct reviews of areas to include, but not limited to, janitorial closets, inmate dressing rooms, and the property room.

F.7 Juvenile Inmates. Juvenile inmates will not be placed in any location in which the juvenile inmate will have sight, sound, or physical contact with any adult inmate. This agency will make best efforts to avoid placing juvenile inmates in isolation to comply with this provision. Absent exigent circumstances, this agency will not deny juvenile inmates daily large-muscle exercise and any legally required special education services. Juvenile inmates will also have access to other programs and work opportunities to the extent possible.

- a. Classification will ensure that juvenile inmates are assigned to the juvenile pod or medical.
- b. Detention Deputies will ensure that male, female, and juvenile inmates are not permitted contact with one another during

movement. Detention Deputies will clear all hallways before juveniles are moved to or from any location inside the facility. Incidental contact will not be accepted.

F.8 Limits to cross-gender viewing and searches. Personnel will not conduct cross-gender strip searches or cross-gender visual body cavity searches (meaning a search of the anal or genital opening) except by court order or when performed by medical practitioners. Personnel will document all cross-gender strip searches and cross-gender visual body cavity searches. Cross-gender pat searches of female inmates, absent exigent circumstances, is prohibited, and any cross-gender pat searches of female inmates performed, due to exigent circumstances, will be documented.

F.9 Limited Viewing. Personnel will ensure that inmates are able to shower, perform bodily functions, and change clothing without nonmedical staff of the opposite gender viewing their breasts, buttocks, or genitalia, except in exigent circumstances or when such viewing is incidental to routine cell checks. Upon arrival of any person of the opposite gender, employees will announce their presence when entering an area where inmates are likely to be showering, performing bodily functions, or changing clothing.

F.10 Transgender searches for purpose of genital status. Personnel will not search or physically examine a transgender or intersex inmate for the sole purpose of determining the inmate's genital status. If the inmate's genital status is unknown, it may be determined during conversations with the inmate, by reviewing medical records, or, if necessary, by learning that information as part of a broader medical examination conducted in private by a medical practitioner. Inmates of unknown genital status will be reviewed by medical personnel for a determination.

F.11 Pat down searches of transgender and intersex persons. This agency will train staff in how to conduct cross-gender pat-down searches, and searches of transgender and intersex inmates, in a professional and respectful manner, and in the least intrusive manner possible, consistent with security needs.

- a.3** Personnel will ensure that disabled inmates have access to these materials and programs.

This agency is not required to take actions that it can demonstrate or would result in a fundamental alteration in the nature of a service, program, or activity, or in undue financial and administrative burdens, as those terms are used in regulations promulgated under title II of the Americans With Disabilities Act, 28 CFR 35.164.

- b.** This agency will ensure that reasonable step(s) are taken to ensure meaningful access to all aspects of the agency's efforts to prevent, detect, and respond to sexual abuse and sexual harassment to inmates who are limited English proficient, including steps to provide interpreters who can interpret effectively, accurately, and impartially, both receptively and expressively, using any necessary specialized vocabulary. The agency may utilize a rape crisis center that is part of a governmental unit, as long as the center is not part of the criminal justice system (such as a law enforcement agency) and offers a comparable level of confidentiality as a nongovernmental entity that provides similar victim services.
- e.** As requested by the victim, the victim advocate, qualified agency staff member, or qualified community-based organization staff

member will accompany and support the victim through the forensic medical examination process and investigatory interviews and will provide emotional support, crisis intervention, information, and referrals.
